

BEING AND RAISING COURAGEOUS MEN...GOD'S LESSONS FROM THE FIREGROUND

SESSION 3: DESIGNING TO PREVENT DESTRUCTION

I. Buildings

- A. Defensible space
- B. Alarms - 80% of fire deaths occur when no detector is present.
Dealing with temptation
- C. Sprinkler – over high hazard areas
- D. Extinguisher – Stop it small. Shoot at the seat of the fire; not at the flames.
- E. Always call 9-1-1. Who is your 9-1-1 partner?
- F. Construction – fire walls and fire doors – Prevent the spread. - James 3:5-6
- G. The dangers of penetrations in fire walls.
- H. Our goal is not to hunker down in a fireproof building peeking out to see a burning world. Instead our commission is to “GO” into all the world.....

II. Fire gear

- | | |
|-------------|-----------------|
| A. Helmet – | F. Jacket – |
| B. Pants – | G. Boots – |
| C. Pack – | H. Mask – |
| D. Hood – | I. Gloves – |
| E. PUD – | J. Flashlight – |

Check your partner's gear before going in.

III. Fully covered

When you trust your gear, you're available for God's use.

IV. Your crew - Believers need each other.

V. No freelancing - The Christian life is a team effort.

VI. Pride kills firefighters and.....Christians.
